

Our Community

As a school we understand how important it is to involve ourselves in all aspects of the local community. One area in which we do this is by providing support and advice to parents and carers. You will have seen already that we have held many workshops in various different subjects such as First Aid, Online Safety and Parenting support classes.

Over the coming term more workshops and events have been organised, so please do keep a look out on the Website, Twitter and the Newsletter for when these will take place. I am also keen to pursue the idea of creating a Parent group that could support the school in organising community events such as a Summer Fair. More information on this will be sent out soon.

Many Thanks
Mr MacGregor
Head Teacher

Fantastic work !

For their last topic on the Stone Age, Year 3 were set a number of tasks they could do at home to support their learning. One of which was an Art/DT project to design and make a woolly mammoth. The amount of work and time that the children put in (with support from home) ensured the children created some truly fantastic pieces of work.
