

ParentMail launched!

Parent mail has now launched and many of you have now signed up. Please ensure you download the parent mail app as this means we can text you for free if needed. Through the app you will also receive letters, newsletters and forms that can now be signed and returned automatically. See details on how to download the app on the back of this newsletter.

Many of you with more than one child have been asking why when signing up it is only showing one name, this is because it makes the registration process easier. Once signed up it will automatically link you to all your children on the system.

For those still having issues we will be holding open mornings and drop in sessions after school that will have people on hand to support the process. Thanks again for being so proactive, nearly 50% of you have signed up in less than a week which is great.

A New Prospectus

The photos look amazing and we hope to have the final prospectus published and on our website soon.

We will also send copies out by the Parent Mail app also.

Natural History Visit for Year 3

This morning Year 3 set off for a visit to the Natural History Museum.

They were taking part in some sketching first thing and finding more about human evolution as well as building on their already great historical knowledge.

We are so lucky to be able to take our children to all these wonderful places outside of school to support their learning.
