

Coffee morning

Southern Road Primary strongly believes in promoting the **wellbeing** of pupils, parents and staff. Over the past few years we have been working together to strengthen our work in building **resilience** and **good mental health** of our children.

Your views are really important to us!

Come and have **your say** about what we should keep doing, what we could do better and how we can work together to support our children's resilience and mental health.

Wednesday 16th May 9:15 am – 11:15am

For more information, ask to speak to Emma Jokhan
