Exciting changes!

Last year we sent out forms to gauge interest from parents about the possibility of Southern Road developing an after school provision that would run till 6pm. The company who were initially going to work with us to develop this are no longer doing so and we have now met with a new company called 'Energy Kidz' who are keen to get one set up.

A simple survey will be going out via Parent Mail to give us an updated interest list (we still have a list of interested names from last time) so if you could complete this as soon as possible that would be great. After this the process will begin to get the club up and running as soon as we can! Further information on what the club may offer can be found on the website below

Please also be reminded that the gate on Eastern Road is now open in the mornings and afternoons so if you are coming from that direction please use this gate to reduce congestion at our front gate.

Many thanks

Place2Be

We are pleased to announce that the school has agreed an exciting new partnership. The school will be working closely with Place2Be who will be offering school counselling and mental health support for pupils, families and staff. They will also offer advice and training for school staff on a range of issues.

We recognise the importance of supporting the wellbeing of our children, families and staff and this will further build on the excellent work we will continue to undertake with Head Start.

Place2be will be in the school every week from Wednesday to Friday after half term and will be lead by Charlene Podico (school project manager) who will be sending out further information soon.

In the meantime please visit their website below to read about the excellent work they do.
