

School sports premium funding year 2018-2019

Sports Premium Funding is allocated to schools to improve the provision of Sport in Primary schools and is based on the number of pupils. Southern Road will receive a total of £21,685 in sort premium funding in the academic year 2018/19. The following report explains how we are using the funding.

Activity	Explanation and impact
<p>Cumberland School Sports Partnership work</p>	<p>CPD support - Programme of CPD courses for P.E. leaders, class teachers and support staff. Inset sessions on problem solving for all staff. Various intra and inter-school competitions - Which include multi-sport games, multi-skills, skipping, dance mats and athletics competitions between Newham schools. Mini-Olympics, tri-golf, futsal amongst others. Inclusive Sports Programme - coaching in Paralympic sports (goalball, boccia, New Age curling, seated volleyball) Sports Club Coaching - Support for N.Q.Ts and new staff and coaching in various sports including archery, gymnastics and fencing. Sports Leaders Training - Yr 5 sports leaders trained to lead competition and playground activities Year's 1-6 Athletics training – Assessed for G&T and yearly progression.</p> <p>Predicted Impact – Pupils will receive good/outstanding PE lessons from fully trained school staff and will have had opportunities to take part in intra-school sporting competitions</p>
<p>Planning/daily fitness</p>	<p>Added resource cards and books to aid initial planning, games and G&T development.</p> <p>Funding for barcode scanners to be used in conjunction with daily running activity for a major push for fitness and healthy lifestyles for every child.</p> <p>Yearly subscription to PE PLANNING for teaching plans and guidance (Updated regularly)</p> <p>Predicted impact – Teachers to be able to teach with confidence and provide high quality lessons which improve on the children’s particular needs. All children will begin to become self motivated to improve their daily active routine with individual and class based incentives.</p>
<p>Equipment</p>	<p>Equipment replenished and extended. New equipment bought includes team goals, rackets, handball balls as well as a complete overhaul and replacement of most KS1 equipment. Bought equipment for reception daily play which aids movement, development of fine motor skills and social encouragement independently and guided.</p> <p>Larger scale purchases include more table tennis tables for KS2.</p> <p>Predicted Impact – enhanced PE experiences for pupils leading to higher achievement individually and during inter-school tournaments. Extended the amount of children able to attend extra curricular clubs.</p>
<p>Extra-curricular activities</p>	<p>Extending extra-curricular activities such as: Football, Handball, Badminton, Table tennis, Archery, Netball, Cricket, Hockey etc. Promoting a healthy lifestyle including half a term of dance for every child in the school.</p> <p>Children in KS2 receive regular designated time on the handball and football pitches during the week as well as open hall space to practice and enjoy the sports that they are currently learning in PE lessons.</p> <p>KS1 children have regular access to the zone park bank of activities. The YR5 sports leaders create and play games every lunchtime.</p> <p>Predicted Impact - the quality and quantity of extra-curricular sports activities will be</p>

	<p>improved due to the extra adults provided by the funding.</p>
<p>Trips/Experiences</p>	<p>Allowing children from across all ages to experience sport out of the school grounds, include basketball at the London O2 arena and world cup tickets at the London Velodrome.</p> <p>Predicted impact – Pupils will see the end product of showing commitment and dedication in PE lessons and what it can achieve.</p> <p>Pupils to compare and contrast the skills they have learnt to the professional players abilities.</p>
<p>Lunchtime</p>	<p>The cost of additional adults on the playground at lunchtime to assist and guide the children play and sporting activities.</p> <p>Predicted impact – All pupils will learn new skills and will be able to transfer those to a competitive game.</p>
<p>Cumberland sport partnership Coaching</p>	<p>Wide range of CPD teacher training and children coaching from years 1-6. Extracurricular once a week all year.</p> <p>Predicted impact – Pupil and teacher dedication to tennis and a solid understanding of the basic skills needed to compete in single and double competition. Teacher feel adequately trained to continue to develop their children further in future lessons.</p>
