Attendance

I have received quite a few letters recently requesting absence outside of the normal school term. Some of these are trips that have already been booked without consultation.

Regular attendance is important for your child to make progress, achieve their academic potential and consequently have a better chance in life.

Any absence affects the child's friendships and learning; the more school they miss the harder it will be for them to catch up.

All requests for authorised absence will be responded to in writing and will only be authorised in the most extreme circumstances.

If permission is not granted, but the child is still absent, the absence is classed as unauthorised and parents/carers may be issued with a penalty notice.

Times table Rock Stars

6LT have been joined by 6TB at the top of the charts, with every child practicing their times tables this week.

Congratulations as well to 6AS for their incredible come-back, rising from 7% of children practising to 96%

Our spotlight this week is being shone on the top 5 most accurate rockstars! These are the children who get the most questions right when playing!
