Headteacher's Update

Friday 24th September

'Our 'Jeans for Genes' event today has been a great success, thank you to all those that donated and took part. You hopefully will have received our extra curricular clubs form via text last week, many clubs are full but we do have a few spaces in others. Year One clubs will start from half term, this is because we are getting some specialist sports coaches to come in for these clubs..more information will follow.

We have been back three weeks now and I have to say how proud it makes me to see how quickly the children have settled with their new class teachers and more amazed by some of the fantastic work that is taking place.

We are doing lots of work with our teachers on the curriculum and information on their new topics and learning will be going out next week. We hope some of the children may already have been sharing their knowledge organisers with you at home.

Look out for information on this term's sporting events, starting with our first cross country of the academic year!

Have a lovely weekend

Every week we are asking our children a question linked to staying safe. This will be discussed in their classes, it will be really nice if you can also discuss this with them. This week's question is below.

How could someone keep themselves feeling safe even if they got lost ?

Well done to this week's winners 6NA! They discussed the latest question and then completed some comic strips independently for homework showing what they would do if a dinosaur arrived in the playground. Some excellent ideas ranging from being polite and making friends to hiding and making a trap.

A special mention to 3LV for their great advice - 'Stay calm and check if the dinosaur is wearing a visitor sticker. If not, go tell an adult that works in the school.'
