Headteacher's Update

Friday 14th January

It's been a packed full week at Southern Road with trips out to the library, sport competitions and a unique trip for some of Year 5 and Year 6 to the new Institute of Imagination based at the University of East London where they undertook some tasks involving Lego and coding!

The majority of after school clubs will continue with the same pupils till half term (creative club will be open to new pupils and a few new clubs will be starting). The Covid situation means we are restricting mixing where possible but after half term we hope to further open up some more clubs in particular for year 1 and Reception.

We have had a few parents asking about our kiddy tots club we used to run for parents and toddlers. The room this will be based in is nearly refurbished and (again the covid situation has delayed this slightly) but we hope to have it up and running at least once a week by February.

Once again thank you for your support during this difficult time. Please continue to test your children twice a week to help us reduce the transmission in the school and the local community.

Have a safe and enjoyable weekend

Safeguard question of the week

How do you keep yourself safe when using public transport?

A big thank you and well done to 6MC for their entries this week. They came up with some excellent safety tips when cooking.

**Burgers, Pizza, Salad, Ice Cream
and Chocolate cake!**

Thursday 20th January
This is a really Important
day for us!

It's that time of year again where on Thursday next week, the government counts how many children have a school dinner.

They then award us funding based on that number of children. This can be as much as £70,000 extra depending on how many children have that school dinner!

So, on this special day, if everyone in school had a school dinner on that one day, we'd get a massive amount of extra money for school. We would encourage you to order a school meal on this day! Children can still bring a packed lunch as well if you wish

**This funding goes directly to maintain resources and a good
quality of education for your children.**
