

# THE COMPASS

## Southern Road Primary School Newsletter

### Headteacher's Update

Friday 17th March

Another fantastic week at Southern Road with numerous trips including Year 5's visit to the theatre in Stratford. It is also the termly school cross country next Friday as well as Red Nose Day.

You may have also seen our Green Book Hut that has been moving around areas of the school with the opportunity for our children to choose and take home a new book.

The hut will be making its way to new locations around the school in the next few weeks so keep a lookout!

Have a great week

Mr MacGregor

## KS1 Readers of the week

This and last week's winners are

### Year 1

Karolina Hanganu 1MJ

Shezan Shaikh 1NS

Abid Rafan 1 NS

Zac Dhillon 1MJ

Inaaya Talib 1NS

Zaynab Begum 1MJ

### Year 2

Alina Matubbar 2LP

Asma Asghar 2NW

Emilia Sustickaite 2NW

Rudra Patel 2WJ

Eva Ursachi 2WJ

Mohammed Tasnin 2LP

# Children's views about waste and recycling at Southern Road Primary

We recognise the importance of school ambassadors at Southern Road Primary School. They represent the views of all children on many different matters that affect all our lives. The school ambassadors have already made a start to think about waste, rubbish and recycling.

The impact of rubbish and waste in their environment is at the forefront of their minds. Read and be inspired by the thoughts of some of our amazing children. Perhaps they will trigger your own thoughts about a very important issue facing our Planet Earth.

We must not leave any rubbish in the world to make the world clean. We must not leave any rubbish in the sea. You don't waste food every single day. We do not put rubbish on the ground. We put rubbish to go in the different dustbins.

By Alya 1DP and Liyana 1NS

Recycling should be used more and we shouldn't be using that much plastic. We should not have loads of bins with food. We should have more recycling bins.

By Penny 1NS

I think it cleans the planet even though it seems like a challenge. Burning plastic contaminates air, which makes it harder to breathe in oxygen. I also think that if this carries on, the gases (greenhouse gases) might reach the exosphere, the highest level of the atmosphere. If recycling can tackle pollution, it would make the planet better for us, for the animals, and every living thing.

plastic Pollution thoughts  
About recycling
